Note that neither any single factor nor combination of factors guarantees a finding of residency. Being a landowner, tax payer, or business owner in Colchester does not confer residency privileges for school purposes absent additional adequate proof of residency.

Student Registration

The parent/legal guardian enrolling their child shall complete appropriate sections of the Student Registration form, complete any applicable affidavits, and submit required documentation establishing residency at the time of registration. Updated student information is to be supplied annually on forms provided by the school at the beginning of each school. Any subsequent changes, most notably a change in a student's address, are required to be reported to a student's school in writing at the time of change.

Verification of Residency

Verification of residency shall be required in Grades Pre-K through twelve at the time of initial registration and/or the expiration of a mortgage or lease, or upon request by administration when there is a suspicion that there has been a change in residency or in circumstances that otherwise previously qualified a student for school accommodations.

Verification of residency shall include presentation of multiple documents confirming residency. The following is required:

1. for homeowners: mortgage or deed or tax bill , and for renters: lease or rental agreement signed by the landlord with landlords contact phone number, and

2. two recent utility bills in the same name and to the same address (for land line telephone, water, electric, gas, oil or cable television – not cellphone), and

Individuals who are registering or renewing the registration for a relative or nonrelative who is residing with them in Colchester will be required annually to complete affidavits provided by the district. In order to prove residency, the law requires the mutual intent of the relative or nonrelative and the child or the parent or guardian that the residence is (1) permanent, (2) provided without pay and 3) not for the sole purpose of free school accommodations.

No one factor or combination of factors guarantees a finding of residency. A determination of residency involves both a quantitative and qualitative assessment of the documentation presented.

The Board of Education or its designee reserves the right to request additional proof of residency and/or to deny enrollment if the documentation submitted is adjudged to be insufficient to establish residency in Colchester.

In those situations where the child is denied school accommodations by the building administrator, the parent/guardian, emancipated minor or pupil eighteen (18) years of age or older shall be provided with a written notice specifying the basis under which the child is not being allowed to enroll and the right to appeal to the Board of Education as provided under student dis-enrollment.

If the student seeks readmission after ten (10) school days, the Board may deny school accommodations for up to ninety (90) days from the date of termination.

Student Dis-Enrollment: Investigation

Where there is reasonable doubt by the building administrator as to the permanent residence of a child, or there is a belief or suspicion that there is a change in circumstances that otherwise existed to qualify a child for school accommodations in the Colchester Public Schools, the administrator shall collect as much information as possible to substantiate the claim

against continuation of school accommodations and review that information with the Superintendent or a designee. As part of this process, the administrator in accordance with state and federal law and Board policy may request additional information from the parent or guardian, the emancipated student pupil who is eighteen (18) years of age or older or the relative or nonrelative with whom the student purports to live in Colchester. If after a review of the information collected, a determination is made that the child is not eligible for continued enrollment, the parent or guardian, emancipated child or pupil eighteen years of age or older shall be advised by the administrator to withdraw the student.
